

Vintage Girl Needle Case

Trace top view (do not trace feet as they are on the back side only)

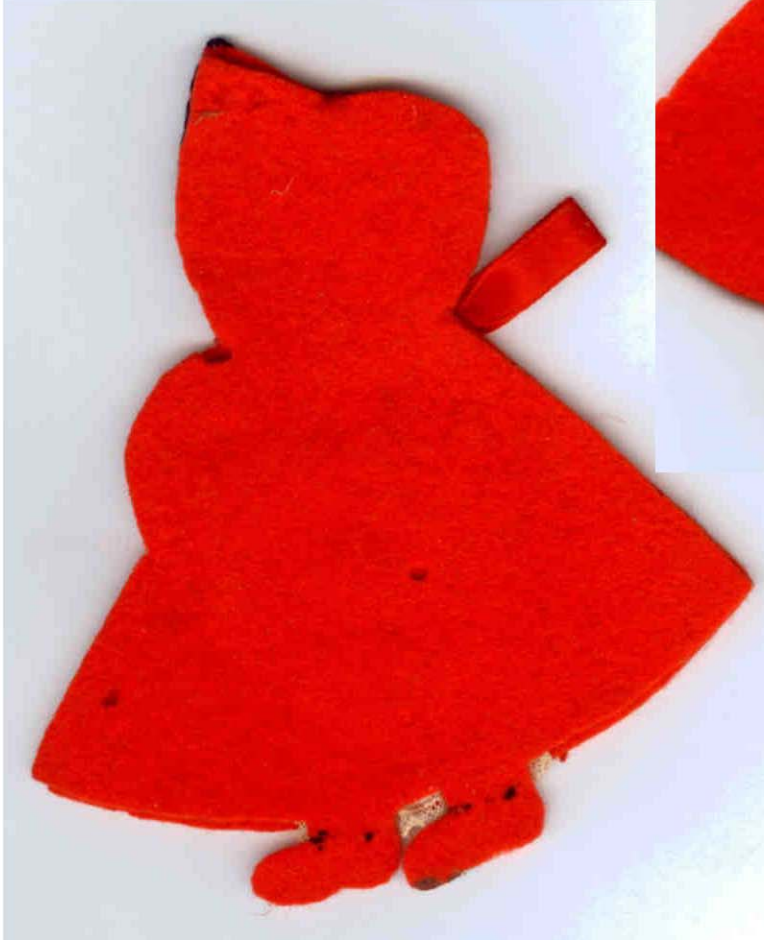

Trace back side, U-shaped needle holder piece and small pocket piece.

Cut out.

Stitch the needle holder to the inside back, attaching at the top of the U. This will make a flap.

Add lace ruffles at legs.

Embellish top piece as you desire, use photo as a guide. Add the pocket.

Attach at top and bottom by tacking at the top of the head and the each side of the head.

You are done!
